

Hello bestest fans in fandom!!!

I wanted to let everyone know how things are going. If you made it to FreedoniaCon 2024 you will already know a lot of this (thank you for coming out and making it such a fun time!), for those that didn't-let me catch you up.

EARTHDAWN

F O U R T H E D I T I O N

Earthdawn is making good strides with finishing their KS entanglement . Both, *Grand Bazaar* and *Magic: Deeper Secrets* are available to backers in a pre-art layout. Our illustrious lead of illustrations is working very hard with various artists to get the art finished so we can do a with-art layout, check them over one last time, and send the books to the printer! They are still tweaking the spell cards and I'm working with James on the Ad Art for the Grand Bazaar. Which should just leave Kyle and me working on the Tower Levels from Vasgothia. Then finally on to new projects!

1879

Currently, Brad and his team are working on the *Samsut Sourcebook*. There are already two chapters done, edited, and ready for layout. A lot of things are turned in for the remainder of the chapters, but are not complete yet. *Deathless on the Nile*, a new Adventure for 1879, is in

layout. As soon as those are finished, our next projects are *Creatures of the Gruz* and the as yet unnamed adventure that will wrap up the story arc in the Gruz before we swing events back through the portal to Earth.

Now for some big news and then some even BIGGER news!

INTERCEPTOR[®]

Aetherstream Interceptor is about to launch the newest Kickstarter to finish the last two major factions: **Allied Worlds and Free Traders**! We are also releasing dice sets for all five major factions. The dice are so cool, they even come in space boxes designed by Don Higgins. What's that old commercial saying?... But Wait! There's more!!! We are super happy to now offer an Aetherstream carrying case for all your squadron needs! Have you seen the play mat? Do you need one? Just add it to your add-ons! Pretty much if you wanted to get into this game, now is a great time to do it. There are even a couple, limited, early bird specials. Launch is set to happen Monday morning March, 18th. Check out the Kickstarter at:

For that bigger news? We are expecting to launch Leviathan this summer!

LEVIATHAN[®]

Just to give you all a glimpse at how big bigger is...

As always- Thank you all for making this possible. Thank you for being the best fans in fandom!
I hope you are as excited as we are for all the new projects.

Sincerely,
Andi

P.S. If you made it all the way to here...I have it on good authority that Mountainshadow and Alamaise will be getting a "friend" soon.
